**Look for me**

When you finally make your entrance to that city,  
Of jasper walls and bright golden avenues.  
As you behold all its beauty and its splendor,  
Remember there's just one request I make of you.

*Look for me for I will be there too,  
I realize when you arrive there'll be so much to view.  
After you've been there ten thousand years,  
A million maybe two,  
Look for me for I will be there too.*

As you go down your list of firsts there's no question,  
You'll want to see your loved ones waiting there for you.  
And when you feel you've shared your story with the last one,  
That wants to hear you tell just how you made it through.

*Look for me, I'd like to hear it too.  
I realize when you arrive, there'll be so much to do.  
After you've been there ten thousand years, a million maybe two,  
Look for me, for I will be there too.  
Look for me, for I will be there too  
I will be there too.*
